City of Nashua, Feb. 24th, 1862.

B. B. WHITTEMORE, City Treasurer.

CITY OF NASHUA, FEB'Y 24TH, 1862.

The undersigned, the Committee on Finance of the City Council of said city, certify, that, in accordance with the provisions of an Ordinance of said city, we have, this day, examined the foregoing account of Bernard B. Whittemore, City Treasu-

rer, and find the same to be correctly cast, and each payment properly vouched by a Treasury Order for the same, corresponding in amount with the vouchers in the hands of the City Clerk.

—We have, also, examined the sources from which the income of the past year has been derived, and are satisfied, that he has charged himself with the whole amount paid into the Treasury.

We find, that the total receipts into the Treasury, during the past year, including the thirty-seven hundred and forty-five dollars and seventy-four cents, (\$3,745.74,) on hand at the commencement, have been forty-nine thousand eight hundred and twenty-eight dollars and twenty-eight cents, (\$49,828.28.)

The total payments during the same time have been forty-eight thousand one hundred and seventy-four dollars and six cents, (\$48,174.06,) leaving the balance in the Treasury this day sixteen hundred and fifty-four dollars and twenty-two cents, (\$1,654.22,) which has been shown and counted this day.

GEORGE BOWERS,	}	Committee on Finance of the City of Nashua.

Note of Sally Lund's for \$200 was renewed April 1, 1861, and William Bixby's note for \$1000 was redeemed with proceeds of Edward M. Smith's and Elizabeth Pearson's note of \$500, each. There has been six month's interest, amounting to \$195, paid to the Nashua Bank, on the city debt of \$6500, which does not properly belong to this year's account, by reason of said bank now requiring the interest to be paid semi-annually in advance, instead of at the close of each six months.

BILLS FOR WHICH NO APPROPRIATION WAS MADE.

Paid A. E. Sanderson, for new hose,	42 52
Earl Warner, agent, “	889 61
W. & N. R. R. Co., freight on do.,	1 59

The above bills were contracted in 1860, and paid March 26th, 1861.

Paid A. S. Smith, D. Sheriff, execution in favor of Wm. P. Smith vs. Wm. H. Danley and city of Nashua, trustee, taken out by Sawyer & Stevens, counsel for Wm. P. Smith, at the Sept. Term of Court, 1860. The then Mayor and City Solicitor being counsel for the plaintiff in said suit, and no one appearing for the City, judgment was rendered in favor of the plaintiff, and application having been made for a new trial, most of the money will be refunded,	51 57
--	-------

Paid J. R. Pearl, for damages claimed on account of injury sustained on Temple street, by reason of driving off the embankment near the Catholic church,	150 00
--	--------

————— \$1135 29

The City have a claim upon the Nashua & Lowell Railroad Company for the last named sum.

In addition to the above, the Committee on Finance are of the opinion that several hundred dollars were expended in the financial year of 1860 & 61, for which no appropriation was made and the money was drawn from the Treasury by the officers of that year in a manner not justifiable by the City Ordinances.

Respectfully submitted,

SAMUEL TUCK, City Marshal.

R E P O R T

OF THE

CHIEF ENGINEER OF THE FIRE DEPARTMENT.

CITY OF NASHUA, ENGINEER'S OFFICE, }
FIRE DEPARTMENT, Feb. 14, 1862. }

To the Hon. Board of Mayor and Aldermen :

In conformity with section 6 of an ordinance relating to the Fire Department, I herewith transmit to you a list of the officers and members attached to the Fire Department, together with their ages, residences and occupations. Also a statement of the condition of the apparatus under their charge, the number of fires and alarms during the past year, the number of hydrants and reservoirs from which water can be obtained in case of fire, with such other information as may seem necessary.

In accordance with the duties of the Chief Engineer, he has, from time to time, made thorough examination of the several machines and apparatus belonging to the City, and in use for the extinguishment of fires, and is pleased to report the same in ample order and condition for the purposes intended. Since my last report the Fire Department have received and put into service the new leading hose ordered by the City Council last year. The hose is constantly wearing out and a further supply will be required during another year; and I would recommend the purchasing of hose oftener and in smaller lots than our last purchase, that the present number of feet of hose may be kept good. I am happy in being able to state that the number of fire alarms is less, and the amount of loss by fires much smaller than in years preceding, the loss amounting to the sum of \$1375 00, of which \$725 00 is covered by insurance. We have reason to be thankful that we have been thus spared from disastrous conflagrations, by accident or oth-

erwise. During the last year the Department has been called out seven times; by alarms twice, by fires five times. The condition of the several engine houses at this time is good.— There has been a new floor laid in engine houses No. 4 and No. 5, and a new roof put on engine house No. 4. The cellar wall has been relaid on the south-east side of the last named house, to better support the building.

During the past year we have removed the hose and hose carriages from the Hook & Ladder Co., and connected them with Pennichuck & Nashua Hydrant Co.'s, to the satisfaction of each of the above named Co's. The deep snow of the present winter has convinced us, and hope it may the City government, of the importance of having the location of *some* of the hydrants, at least, changed from the street to the sidewalk, where they will be more available.

I cannot close without expressing the sense of obligation I feel towards the Assistant Engineers of the board, for their cheerful cooperation in the affairs of the past year. A spirit of union and harmony has pervaded all their actions, and their faithful labors deserve the approval of the public.

The hydrants of the Pennichuck Water Works, together with a good and efficient Fire Department place us in a position of security second to no other city or town in New England. Our Fire Department continues to maintain the high reputation that it so justly deserves, notwithstanding many of our firemen have enlisted at the call of their country; their places in the department have been filled by others, and each of the companies are prepared to discharge their duty.

Very respectfully submitted,

ISAAC EATON, Chief Engineer.

J. P. Cummings,	29	Laborer,	
E. D. Wilder,	33	Carpenter.	

Three hose carriages built by J. W. Moore in 1855. 1900 feet of hose all in good condition. Carriages &c., all in good order.

RECAPITULATION.

5 Engines, (2 of which are not in use,) 5200 feet leading hose, 66 feet suction hose, 9 hose carriages.

The city has 52 hydrants and 6 reservoirs for the use of the Department.

All Engines, Hose, Hose Carriages, Hooks, Ladders and Carriages, &c., are owned by the City.

Members of the Department at the present time, 6 Engineers and 193 Firemen.

Two Engines not in service. One a suction machine built by James Smith, New York, is not in working order. Suction hose not good. The other is the T. W. Gillis tub; not a suction machine. It is in working order. Neither of the above are of any use to the city and ought to be sold, as they are decreasing in value by keeping.
